Grant-in-aid to the Dvg city Mcg. during 1952-53

C F ——— Rs 14 10 000/- Rs 2, 10 000/-

5) Improvement & water supply system of Dvg city by providing higher capacity motors and other machinery parts. Rs 2,00,000/- (approximately) Rs 1,00,000/-

G. T Rs 16,00 000/- Rs 3,10,000/-

2) It is reported with the deep pleasure that has been pleased to announce in his Reply Speech on 19.7.52 that a grant of Rs 50 000/- would be sanctioned to the Municipality for 1952-53

3) In the State Budget for 1952-53 a provision of Rs 50 000/ has been made for Davangere city improvement under "50- civil works" Funds out of this allotment are made to the Municipality when any improvement Scheme designing & Cost and are ready for execution after the due sanction of Govt.

4) proposals regarding items no 1, 2 and 3 ~~last~~ in para 1 above have not at all been received in the Branch so far when they are received, they must undergo scrutiny in the Concerned technical Depts and if any modifications are suggested the municipal Council should ~~and Corporate~~ consider and incorporate them in the Scheme or furnish the Govt. Govt should thereafter consider them in the administrative, P W D and Finance Depts before sanctioning such

conducted in the city. Delay the schemes may not therefore be ready for ~~execution~~ being taken up and completed before the end of the year and it is therefore doubtful whether it will be of any use to give an Ad hoc grant for these works now.

5) The underground drainage scheme has however been received, but it is not as yet finally approved by the Dept for various regarding the disposal arrangements. The scheme for drainage should be carefully planned and thoroughly scrutinised by the technical Dept to secure satisfactory results. The scheme prepared at an estimated cost of about Rs 9 lakhs and it may take time before it is sanctioned. Hence it is doubtful whether ~~any grant would be~~ this would be taken up during this year and whether any grant for it this year would be necessary at all. So also in the case of water supply improvement Schemes

6) For provision this year in

Grant in Aid to Municipalities
1952 - 53

The Budget (State) Provides only Rs 50,000/- If it is not possible to Provide it to the payment of grant of Rs 3,10,000/- from Govt as proposed by the Municipal Council Especially when the Several works in respect of which this grant is asked for are State out Type for execution and are yet in the preliminary Stages

7) The question of giving this grant to the Municipality under the said provision of Rs 50,000/- may perhaps be Considered when individual proposals are received in a Complete form for the Sanction of Govt.

8) Subt for orders.

MAC 11/8/52. 9.11. It is stated the Hon 8/11/52 Town Minister has promised that ... some of Rs 50,000/- ... be sanctioned this year for improvements and works. Perhaps, the budget allotment of Rs 50,000/- seems to have been referred to. The total grants required will be taken into Consideration while Compiling the figures for the State, for which a circular is issued
